

***You have an insatiable desire to do Engineering!
You excel in a self-directed environment!
You are looking to make a change!***

Meco is currently recruiting for an Engineering Manager. The Engineering Manager is an insightful leader, intent on providing meaningful assistance to a diverse employee mixture and learning styles around all technical aspects of engineering. Specific areas of responsibility include:

- ✓ Technical Responsibility for Design and Code Compliance
- ✓ Delivering Ingenuity, Innovation and Reliability in Outcomes
- ✓ Staff Relations and Leadership

At Meco, we believe fidelity, ingenuity, collaboration, and excellent client services are our competitive advantage.

You will have a graduate degree in civil engineering and senior level engineering experience. You have proven success in engineering consulting and are comfortable with projects in the public sector and hydropower sectors. You possess superior communication and interpersonal skills, excellent analytical, logical thinking and problem solving skills, and are an effective planner. You are comfortable making decisions independently. You understand the importance of effectively negotiating with others while maintaining the relationship. You are highly effective!

We believe in hiring dynamic and talented employees and providing them with a coaching, mentoring, and opportunities-laden environment.

Benefits of working with Meco:

- ✓ Technical Freedom to Explore and Develop “Your” Design Ideas
- ✓ Progressive Flexible Work Day policy, you choose the hours that work for you!
- ✓ Small company and a tight-knit group.
- ✓ Exposure to complex projects that challenge you to go to the next level.
- ✓ Superior salary, comprehensive benefits package, training and development opportunities, and a dual contributory RRSP plan.

We are a small business that cares about our employees and the bottom line. For a superior work experience where you get to BE important, as well as FEEL important, Meco may be what you are looking for!

If this is you, apply by submitting your resume to the attention of Perry Mitchelmore, President at perry.mitchelmore@mecoengineers.com If you can drop your resume in person, we are at 109 Ilsley Avenue in Burnside, Dartmouth.

Thank you for considering Meco as an employee destination! Please note that only those applicants selected for an interview will be contacted.
